We are actively seeking new members to join our club so we can continue to deliver a great riding experience for anyone that chooses to ride on our trail system. Belonging to a club also provides an opportunity to meet other people with the same interest. We have a number of events throughout the year, which allows you meet others and become involved in the expansion and growth of the club. Our success is contributed to its members and landowners. Without active hard working members and very gracious landowners the trail system would cease to exist.

Our goal is to continue to grow the club each year so we can strengthen our affiliation with MISORVA (Michigan Snowmobile & ORV Association). MISORVA represents the rights of all snowmobilers, protects the trail system and snowmobiling in general for future generations. With our club expanding each year we are also able to make improvements like creating and widening trails, purchasing signs, groomers, and other investments to make the trail system safe and enjoyable.

Membership in the Ogemaw Hills Snowmobile Club (OHSC) is family friendly and continually looking for new members to contribute to the growth of the club and sport. The club stands for family fun and camaraderie. To include safety, respect for landowners and supporting Michigan Snowmobile & ORV Association (MISORVA) in its efforts to keep our sport viable. Michigan has a 6000 mile trail system. Anyone who rides trails should be a member of a local club and MISORVA. It is your voice at the State and Federal level.

Your dues, registration and trail permits go towards making your riding experience a fun and enjoyable one. Please Join!

*OHSC has several options to join and download the Membership Application:*
