Dear Ogemaw Hills Board of Directors:

I recently had the opportunity to snow mobile on some of the Ogemaw groomed trails with my hubby Ray. I am not a good or seasoned rider and admit that I was somewhat nervous about riding with very talented and seasoned riders, But after a few minutes on those smooth, extremely well groomed trails, I forgot all about my lack of ability and nervousness and was caught up in the awe and absolute beauty these trails and this great state has to offer. Soon I was smiling and truly enjoying myself.

On our way to the warming area, we ran across some other snowmobilers who had the misfortune of one of their sleds veering off trail and down a 10-15 foot ravine, without hesitation and luckily for them, riding along with us today were some of Ogemaw Hills Snowmobile Club members, Al, Dan, Jimmy and Steve, sorry I do not know their last names. These guys were more than happy to lend a helping hand and shifted into action without a moments hesitation to help out fellow snowmobilers. These guys are a fine representation of Ogema Hills Snowmobile Club and I witnessed first hand why my hubby wanted to be a member of such a club.

Kuddos to an extremely well groomed trail and a bunch of guys worthy of being great ambassadors of such a club. I predict that this club will continue to grow by leaps and bounds.!

Great Job, Keep up the great work and Thanks for an awesome ride

Lorie
