

January – February 2024 Photos

*Don and Kim rode from Perry Holt to St. Helen. They fixed a deep rut on trail 96. Carl was out on the east side, but only had to clear some small branches.*

*The Rapleys graded a big rut.*

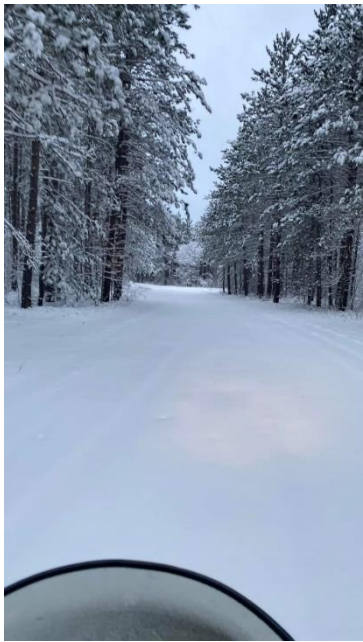

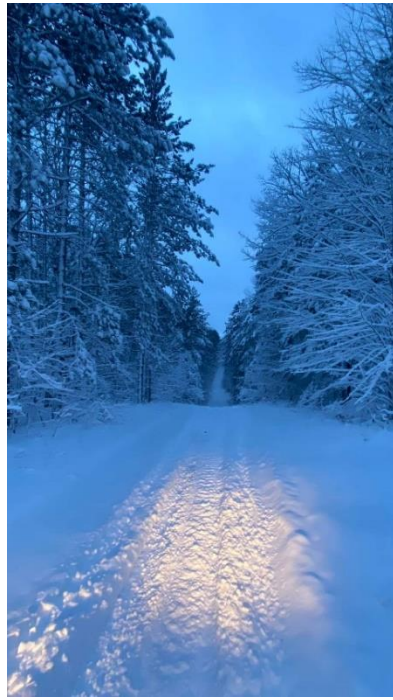

*Carl Brooks took this photo of the first snowfall.*

*Al Chisolm and Dan White stopped at the Club to see if the groomers were ready to go.*

*Chris Theuma and his kids took a ride to Indian River on Jan 10 on fresh snow. Then they rode farther north.*

First good snow at the club was perfect for a groomer training day.

Chris and Chavon Nihls hit the trails near their home, Checked out trail damage and stopped at the warming hut.

Chris and Nicole Reister met Chris and Chavon at the warming hut. 6 from 33 to hit is clear. Went 967 north to 96 and had to cut a couple trees out of the trail right before 33. Then went 96 west to 969 up to Luzerne for a snack at Deeters. All clear. Gate is still closed on 96 at Mapes road. Needs to be unlocked. Great snow so far.

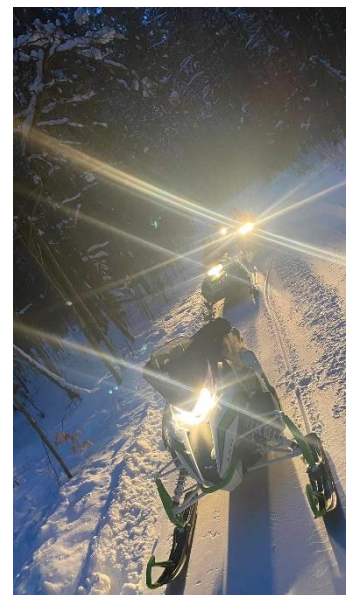

Dan White, Al Chisolm, John Karl, Steve Johnson, and another rode to McKinley yesterday.

Chris Theuma and his crew. NOT Jason Kelse.

Al Chisolm dug out this photo from 2015,
