

January 2026

Chris T rode to the Mackinaw ridge around New Years.

Carl's house got 5" snow overnight Jan 4

Paul Lipiec ran into one of our groomers on Monday Jan 5. They did an 80 mile round-trip from St Helen through Ogemaw trails back to the ROSCOMMON third lake in across Lake St Helen back home. Fantastic conditions.

*Dave Nowakowski ran 6 W from Tower rd. To 9 N to 96 E to 969 S back to W 6 down to Tower rd. 69 miles total. Snow was best east of 9 and south of Luzerne. Traffic was super light*

*Dan, Ed and Steve got out on fresh groomed trail after the Jan 10 snow.*

*They got the fire going at the warming hut.*

*A group went the wrong way here. Wanted to go to South Branch on #6 ended up on 69.*

*Russ took this AWESOME photo of the warming hut.*

*Russ groomed the east trails Sunday Jan 11. He stopped at the warming hut and stoked the fire. A group came by behind him, enjoyed the fire, and marveled at the great trail condition.*
