

2026 58TH OPEN HOUSE AND VINTAGE SNOWMOBILE SHOW

Two visitors from Indiana stopped by Friday while they were riding their vintage sleds.

36 members showed up to help Friday.

Large flag brought by the Blaine family.

These two sleds were lined up at 7:45.

People unloaded the 50 flags the Blaine family brought for the show.

Dave, Tom, Mark, and Steve took care of the hot dogs.

Chris T is always in the picture.

Doug exceeded the show.

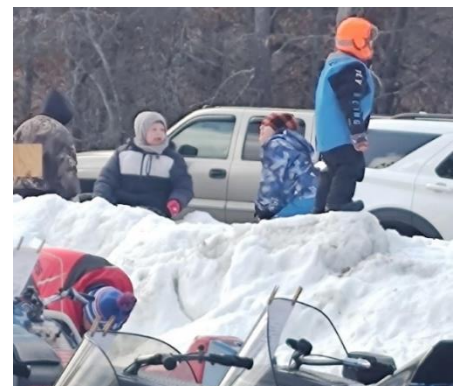

There were many mini sleds there this year. Kids were zooming around the parking lot all day.

Jeff Persondek and Bob Frysel from Rosco-Higgins Trail Cruisers and some of Jeff's sleds.

Kids found lots of ways to entertain themselves: spinning on the ice and climbing the snow mountain

Doug knows a lot of people there.

Several Ogemaw County Sheriff deputies attended the show. One of them even joined the Club. They also had a training session going on at the Rose City Rd. trail crossing.

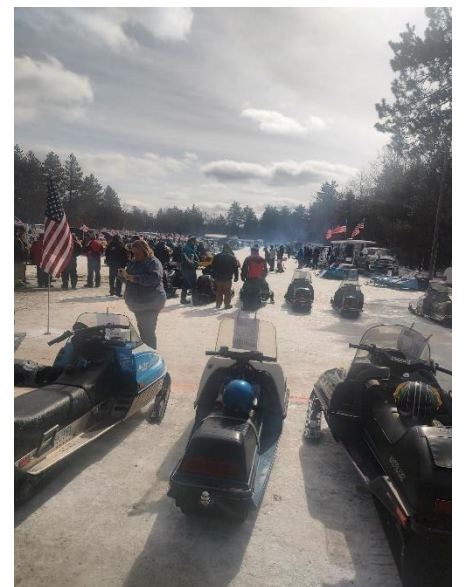

One of the interesting sleds

Jim Blain Sr. said his grandson Carter Blain & his girlfriend Addie Bailer modeled their vintage snowmobile suits and helmets along with their 1978 Polaris TX440 that the suits came with new.

The Blains ALSO brought the huge American flag for the opening ceremony and 50 large flags on poles that decorated the parking lot and were carried around by sledders during the "vintage ride: around the parking lot.

Carl checked out the strange "sled"? frame.

"Want to say thanks to the Ogemaw Hills club for putting on a great show and "ride" again this year. It is my 2nd year coming up from Indiana (6 hour drive) and will probably become an annual trip for me. My son and I got in some good riding Friday before everything turned to ice."
